INFORMATION FOR 2017 TAX RETURN IF LOG BOOK IS KEPT

- ❖ A log book **must** contain a record of business use for a continuous 12-week period, which is representative of the car's usage.
- ❖ The information that must be recorded for each business journey is :
 1. The dates on which the business travel began and ended
 2. The odometer readings at the start and end of each travel
 3. The purpose of the business travel with adequate descriptions (such as delivering goods to customers, making house calls)
- ❖ A log book is valid for a **maximum period of 5 years**. A new log book is to be prepared after the expiry of an old log book.
- ❖ Please note travel between your home and your workplace is not business travel unless you carry bulky tools
